*This pdf will not be simple to start on reading through but extremely enjoyable to see. I have read and i also am sure that i will planning to read through again once more in the foreseeable future. You wont really feel monotony at whenever you want of the time (that's what catalogues are for relating to if you request me).*

## TESTAMENT: THE BOOK OF BOOKS

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 62 pages. Dimensions: 9.0in. x 6.0in. x 0.1in. This is not a book for reading, knowing, understanding and forgetting. This is a guide for practice to know thyself, to realize wisdom, to know the Reality behind all existence ie. , matter, life, intelligence, to reach the highest goal of human development, to achieve world peace and absolute bliss, to fulfill the very purpose of human life and existence. The spiritual energy and power of various cultures and traditions have been harnessed here together, simply, plainly, openly and transparently. Hence, this is called, the Book of Books. How man is distinct from the remaining existence He alone identifies with the objective world and the self- constructed subjective world and becomes that himself, though for a very short fleeting moment. That gives him the knowledge of inner dynamics of external objects and thought process. (Man alone can identify even with abstract concepts). With that external and internal knowledge, he controls the entire objective world. The effect of identification is imitation. He repeats almost, involuntarily, the behaviour of external objects, beings and people. The only comfort is he has got choices, though limited. Therefore, the sense of identification and imitation seems to be the distinguishing sixth sense of humanity. From that alone springs all knowledge, intelligence, love, friendship, cooperation, obedience, sympathy, creativity, excellence, culture, civilization, history and everything you can think of. Humanness means essentially the capacity to identify with other things and beings. There are qualities and quantities of identification. The lack of identifying capacity means animalness or non-humanness. Total identification or merging with and being space is the key. This transforms identification from local or specific object (due to the presence of individual self ) to Universal...
