*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

COMMUNITIES FOR TOMORROW

Floris Books. Paperback. Book Condition: new. BRAND NEW, Communities for Tomorrow, Richard Steel, As human beings, we have a great longing for community, to feel part of something. Despite this apparent need, the opposite tendency is evident everywhere: a growing individualism leading to the breakdown of relationships, conflict and war. How can we connect meaningfully with our fellow human beings and build successful communities, whilst also cultivating a healthy individuality? Karl Konig considered that finding answers to these questions was one of the central tasks of anthroposophy, as well as its greatest potential downfall. Seventy years ago, he founded the Camphill Movement as a search for social renewal and healing from new sources. As part of a growing dialogue between people within and outside of Camphill, a conference called Community Building in the Light of Michael took place at the Goetheanum in 2009. The contributions in this book originate from there; contributors include Cornelius Pietzner, Virginia Sease, Penelope Roberts-Baring, Sergei Prokofieff, Peter Selg and Bodo von Plato.
