*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

## THE TERRITORIAL IMPERATIVE: A PERSONAL INQUIRY INTO THE ANIMAL ORIGINS OF PROPERTY AND NATIONS

Storydesign Ltd, United States, 2014. Paperback. Book Condition: New. Berdine Ardrey (illustrator). 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.A territory is an area of space which an animal guards as its exclusive possession and which it will defend against all members of its kind. In this revolutionary book Robert Ardrey takes a concept familiar to every biologist, brings together for the first time a fair sampling of all scientific observations of this form of behavior, and demonstrates that man obeys the same laws as does many other animal species. With African Genesis Mr Ardrey stirred up enough storm to last an author, one would think, for a lifetime. In The Territorial Imperative, however, he explores more deeply and incisively man s evolutionary nature and threatens even more forcefully some of our most precious assumptions. In a time when we attribute to man either no instincts at all, or instincts too weak to be of significance, Mr Ardrey s conclusions concerning the instinctual force exerted on human life by territory will undoubtedly raise an even greater storm. The author concludes, for example, that a common cause for war lies in our ignorance of man s animal nature - in particular, in the aggressor s ignorance of the enormous animal energies which his intrusion will release in a seemingly weak territorial defender. In a quite different vein, he concludes that family loyalty and responsibility, in men no less than in gibbons or beavers or robins, rests on joint attachment to a private territory. Perhaps the author s most far-reaching, most controversial conclusion is that morality - our willingness to make personal sacrifice for interests larger than ourselves - has its origins in dim evolutionary beginnings, is as essential to the life of the animal...
